Rodney Winans

April 16, 2020

Press Release,

The Wellsville Fire Department would like to thank two special people in the community, who reached out to help us during the Coronavirus Pandemic. Earlier in the week, Captain Brandon Harris reached out to see if someone would be willing to help make face masks for the department. Within a day, the fire department had reached the goal we were looking for. We would like to thank Kim Clark, and Stan Smith for their generous donations to the department.

Sincerely,

Wellsville Fire Department Members, and Chiefs
